A Web Developer with a background in design—prior to a career break, I created motion graphics for large brands, honing my skills in communication, time management and problem solving, as well as design experience that will form a strong foundation for Front-End Development. With a continuous-improvement mindset I am enthusiastic to continue learning new programming languages and technologies to progress to Full-Stack Development.

SKILLS

- JavaScript ES6
- React
- TypeScript
- Semantic HTML 5
- CSS 3
- SASS (SCSS)
- GIT / GitHub
- Graphic Design
- Creative problem solving
- Teamworking
- Time Management
- Planning

PROJECTS

Sign-up Form

github.com/adamwozhere/fm-sign-up-form

A sign-up form created as a FrontEndMentor challenge, using React, Vite and TypeScript, with custom validation using the Zod library and React-hook-form for handling form events.

Bananasweeper

github.com/adamwozhere/banana-sweeper

A minesweeper game built with vanilla JavaScript ES6.

Advice Generator App

github.com/adamwozhere/advice-generator-app

A Frontend Mentor challenge created using React and fetch API.

EXPERIENCE

Motion Graphics Designer

2015–2020

REMOTE

Collaborated with studios and advertising agencies to create animations for large brands.

- Designed animations for **Ericsson**, maximising the impact of digital signage at tech exhibitions
- Produced keynote animations for **First Abu Dhabi Bank**. applying agile design processes to ensure strict deadlines were met with minimal time wastage

Keyholder, Minilab Operator & Sales Assistant

2006–2015

CLIVES CAMERAS, TROWBRIDGE

Performed both customer-facing retail duties and back-office roles specific to the photographic sector.

- Programmed software macros to automate tasks, reducing toil and time spent
- Developed and maintained company website, eliminating development costs
- Assessed scope of photo-restoration tasks - completing in-house where possible, saving costs and time involved in delegating to third-party restoration services

EDUCATION

Web Development

10/2022–12/2022

BATH SPA UNIVERSITY

12 week bootcamp focusing on front-end development.

- Proficiency in web development fundamentals: JavaScript ES6, HTML 5 and CSS 3
- Introductions to libraries such as React, Tailwind and Bootstrap
- Developed a prototype application, managing state with Vanilla JavaScript

BA Animation

UNIVERSITY OF PORTSMOUTH

Bachelor of Arts with First Class Honours.

BTEC ND Multimedia

WILTSHIRE COLLEGE, TROWBRIDGE

National Diploma course including GCSE Photography.

GCSEs

ST. AUGUSTINE'S CATHOLIC COLLEGE, TROWBRIDGE
